

Power and Journeying with clients

Client more in
charge of process

1. Client journeys on their own, then relays the journey afterwards.

2. Client journeys and relays it to practitioner whilst journeying. Practitioner stays in the here and now, and facilitates.

3. Practitioner and client journey together. Client leads, narrating what is happening as it happens.

4. Practitioner and client journey together. Practitioner leads, narrating what is happening as it happens.

5. Practitioner journeys for the client, then relays the journey afterwards.

Practitioner more in
charge of process
